**Sustainable**

**Affordable**

**Fair**

**Efficient**

# Challenges

- 1. Coverage of registered migrants**
- 2. The appropriate migrant health insurance system for all registered migrants (Source of finance, Management of scheme: premium collection, Benefit package design, Provider payment methods, M&E by Regulator organization)**
- 3. Migrant friendly services (Migrant health volunteer, Migrant health worker, Primary and community care, Language and cultural barrier)**
- 4. Migrant Health Information System**
- 5. The Effective Integration among Key Players**
