

Health System Research Post COVID-19

Cell Therapy Gene Therapy Tissue Therapy Combined ATMPs

ศูนย์ผลิตภัณฑ์การแพทย์ขั้นสูง

**Dr.Supakit Sirilak MD.,MPHM.
Director General DMSc.**

Research Thought

- Issue base vs System base Development
- Relevancy of Literature Review
- Objective vs Subjective Data
- Concrete Conclusion
- Solid Recommendation
- Utilization (Policy Brief, Policy Broker)

The MIU. (MoPH. Intelligence Unit)

- Serving evidence based decision in an urgent situation
- High Agility
- High Ability (Data analysis, Health system, Strategic planning, Epidemiology etc.)
- Quick research
- Linkage with decision maker
- Full time staff working and equipped

Targeted Research Areas

- Made in Thailand Vaccine
- Primary care in BMA
- Emergency service system for emerging disease
- National Health Info

WHO will
survive???
